# Consonant and Vowel Digraphs

## Tagalog

MGA TAGUBILIN PARA SA MGA MAGULANG AT MGA TAGAPAG-ALAGA KUNG PAANO GAMITIN ANG DULUGAN SA AUDIO NA ITO PARA SA ANAK MO

### Introduksiyon - Track 1

Ang pagtututo na ang dalawa o tatlong titik ay minsan maaaring magsama upang gumawa ng isang tunog ay makakatulong sa anak mong magbasa at magsulat.

Maghanap ng tahimik na lugar upang gamitin ang dulugan na ito kasama ang anak mo.

Umupong magkatabi upang pareho niyong matingnan ang libro habang nakikinig kayo sa audio.

May pahina para sa bawat pinaghalong patinig o katinig o mga diagraph.

Habang tinitingnan niyo ang bawat pahina, maririnig niyo ang tunog ng paghahalo o diagraph.

Makikita niyo ang ilang mga pagsalarawan ng mga kataga na naglalaman ng tunog na iyon.

Makinig sa tunog at bigkasin ito kasabay ng anak mo.

Mag-pause dito.

Hayaan ang anak mong sundan sa ibabaw ang titik simula sa tuldok at sumunod sa arrow. Ulitin ang tunog at mga pangalan ng mga larawan.

Patugtugin ang file ng audio at makinig muli sa tunog at mga kataga.

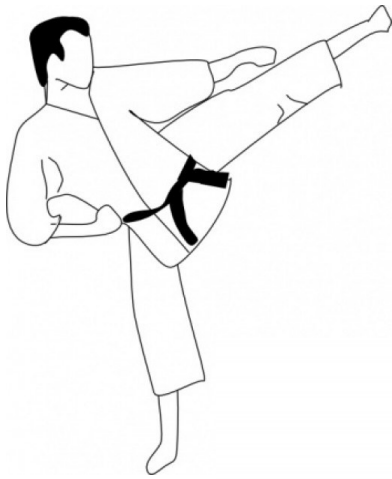

Makakatulong sa anak mong maunawaan ang kahulugan ng mga kataga kapag pinag-usapan niyo ang mga larawan.

Maglaan ng sapat na oras. Siguruhin na handa na ang anak mong tumuloy sa susunod na kataga.

Mas mahusay na gumawa ng kaunti kada araw - o kasing dalas nang maaari.

*Umaasa kaming nag-enjoy kayong gamitin ang dulugang ito nang magkasama.*
