INSTRUKCJE DLA RODZICÓW I OPIEKUNÓW NA TEMAT TEGO, JAK KORZYSTAĆ Z NINIEJSZEJ POMOCY NAUKOWEJ ZE SWOIM DZIECKIEM

Wprowadzenie – część 1

Nauka dźwięków związanych z konkretnymi literami pomoże Państwa dziecku w nauce czytania i pisania. Pliki dźwiękowe nie uczą nazw poszczególnych liter. Na przykład, w nagraniu mówimy "a" zamiast "ej".

Proszę korzystać z niniejszej pomocy naukowej w cichym i spokojnym miejscu.

Proszę usiąść obok dziecka, tak abyście oboje mogli patrzeć na książkę lub ekran podczas słuchania nagrania.

Każda z 26 liter alfabetu znajduje się na osobnej stronie.

Podczas patrzenia na każdą ze stron, usłyszycie dźwięk związany z daną literą.

Zobaczycie także obrazki przedmiotów, których nazwa zaczyna się na daną literę.

Proszę posłuchać dźwięku i powtórzyć go ze swoim dzieckiem.

Proszę zrobić przerwę.

Proszę pozwolić dziecku na przejechanie palcem po konturze litery, zaczynając od kropki i podążając za strzałkami. Proszę powtórzyć dźwięk i nazwy obrazków.

Proszę ponownie odtworzyć nagranie i wysłuchać ponownie dźwięku i słów.

Pomocne bywa także rozmawianie na temat obrazków, jeśli chce tego dziecko, lub jeśli Państwo tego chcą.

Proszę się nie spieszyć i upewnić się, że dziecko jest gotowe do przejścia do następnego dźwięku.

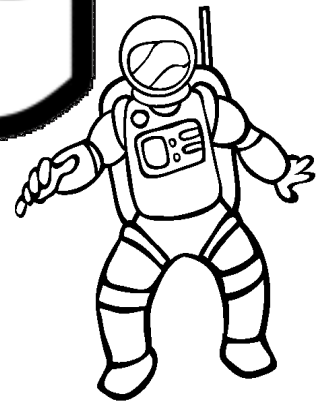

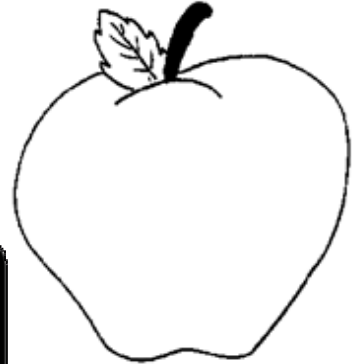

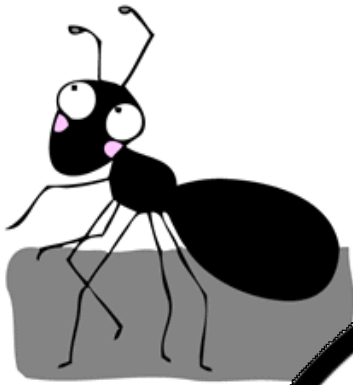

Nie oczekujemy, że wysłuchają Państwo całego nagrania za każdym razem. Lepiej jest wysłuchać części nagrania, za to często.

Mamy nadzieję, że wspólne korzystanie z niniejszej pomocy naukowej będzie dla Was dobrą zabawą.
