GEBRUIKSAANWIJZINGEN VOOR OUDERS EN VERZORGERS VOOR HET GEBRUIK VAN DIT AUDIOMIDDEL MET UW KIND

Inleiding - Nummer 1

Leren dat twee of drie letters soms samen een bepaalde klank maken helpt uw kind bij het lezen en schrijven.

Zoek een rustige plaats om dit middel samen met uw kind te gebruiken.

Zit naast elkaar zodat jullie alle twee het boek kunnen zien terwijl jullie naar de audio luisteren.

Er is een pagina voor elk van de klinkers of medeklinkerclusters of digraaf.

Kijk naar de pagina en u hoort de klank van de cluster of digraaf.

U ziet afbeeldingen van woorden die die klank bevatten.

Luister naar de klank en zeg het samen met uw kind.

Hier pauzeren.

Laat uw kind de letters overtrekken: begin met de stip en volg het pijltje. Herhaal de klank en de namen van de afbeeldingen.

Speel het audiobestand en luister nog een keer naar de klank en de woorden.

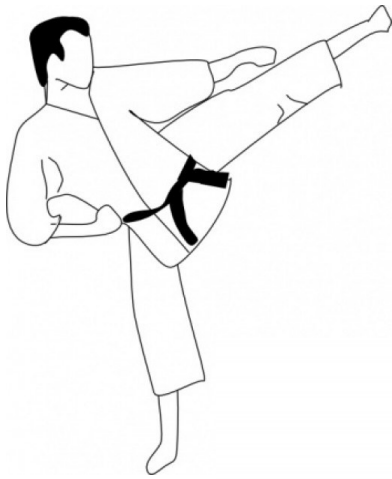

Praten over de afbeeldingen helpt uw kind om de betekenis van de woorden te begrijpen.

Neem de tijd. Zorg ervoor dat uw kind klaar is om met het volgende woord te beginnen.

Het is beter om elke dag, of zo vaak als het lukt, een klein beetje te doen.

We hopen dat u samen van dit middel geniet.
