INSTRUCTIONS FOR PARENTS AND CARERS ON HOW TO USE THIS AUDIO RESOURCE WITH YOUR CHILD

Introduction - Track 1

Learning the sounds of letters will help your child to read and write. The audio files do not teach the names of the letters. For example we say "ah" rather than "ay".

Find a quiet place to use this resource with your child.

Sit side by side so that you can both look at the book while you are listening to the audio.

There is a page for each of the 26 letters of the alphabet.

As you look at each page you will hear the sound of the letter.

You will see some illustrations of words that begin with that sound.

Listen to the sound then say it with your child.

Pause here.

Let the child trace over the letter starting at the dot then following the arrows. Repeat the sound and the names of the pictures.

Play the audio file and listen to the sound and words again.

Talking about the pictures will help your child to understand the meaning of the words.
